QR Code

Have you ever used a QR Code?

It's the fast and easy way to download information online to your smart phone. And it's just as easy to download the CFN Mobile Site Locator. Simply following the instructions below and begin using the CFN Mobile Site Locator today!

Use a QR code scanner:

1. Open your preferred QR code or barcode scanner on your iPhone. (If you don't have a barcode scanner, there are many FREE barcode apps to choose from on iTunes.)
2. Point your iPhone camera at the QR code to the right and scan it.
3. Follow the onscreen instructions to proceed with the installation.
